- Molded-in sump catches leaks, drips and spills to help you comply with regulations and keep your storage areas clean and safe
- Low-density polyethylene (LDPE) construction resists UV rays, rust, corrosion and most chemicals
- Textured grating adds traction and lifts out for easy sump access
- 2-way forklift entry allows easy movement from either direction (unloaded only)
- Nestable design permits stacking when not in use; lowers cost of bulk shipping
- Compact footprint reduces floor space needed for drum storage
